

Milan 23-25 FEBRUARY 2016

INTERNATIONAL EXHIBITION OF MACHINES
AND TECHNOLOGIES FOR FOOTWEAR,
LEATHERGOODS AND TANNING INDUSTRY

www.simactanningtech.it

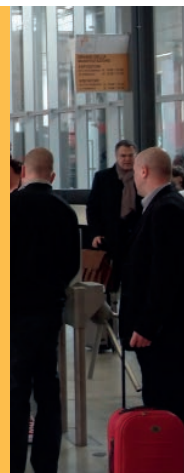

With the support of

fieramilano

-  SIMAC TANNING TECH
-  LINEAPELLE
-  PARKING
-  MOTORWAYS
-  STATALE
-  RAILWAY
-  TRAIN STATION
-  UNDERGROUND

S Simac Tanning Tech is the annual event that showcases the best selection of machinery and technology for the footwear, tanning and leather goods industry.

Simac Tanning Tech takes place at Fiera Milano Rho and is the most important global technology event for the fashion industry, in conjunction with Lineapelle.

In three days, Simac Tanning Tech offers concrete business opportunities and services to companies and operators. Simac Tanning Tech is a truly international trade fair, which hosts hundreds of delegates who come to Milan because they are aware they will find the most avant-garde technological offer and the most appropriate responses to their manufacturing requirements.

Every year, thousands of operators from all over the world visit Simac Tanning Tech to touch first hand on the most cutting-edge offer of machinery and technology designed to ensure quality and efficiency.

Simac Tanning Tech is organised by Assomac, the National Association of technology manufacturers for footwear, leather goods and tannery.

INFORMATION

Simac Tanning Tech
is held once a year
at Fiera Milano Rho
HALLS 14 / 18

Fiera Milano-Rho - ITALY

METRO

Linea Rossa (Red line) – M1 to Rho-Fiera
Milano.

MOTORWAY

Fieramilano exit.

Admission

Trade professional only

PRODUCTS ON DISPLAY

Machines and technologies for footwear
and leather goods and accessories

- CAD-CAM
- machines for dies
- die cutting or continuous mode cutting machines
- sewing machines
- machines for the manufacture of dies
- machines for the assembly of uppers and soles
- machines for footwear components
- machinery for repairers
- moulds and chemicals
- Tannery machines
- accessories
- chemicals
- water treatment plants
- equipment for lab tests
- engineering

OPENING TIMES:

23-24 February

9.00 - 18.30

25 February

9.00 - 17.00

EXHIBITION AREA:

13.800 m2 (net surface) -
(December de 2015)

EXHIBITORS COUNTRIES OF ORIGIN:

Belgium, Brazil, China, France,
Germany, Greece, Holland, Japan,
Italy, Portugal, Spain, Romania,
Switzerland, Taiwan, Turkey,
United Kingdom.

FAIRS CONNECTIONS

- > Simac Tanning Tech and Lineapelle direct passage.
- > Access is granted to both events with the same card.
- > The events take place simultaneously.

HOW TO GET TO THE FAIR

BY PLANE

FROM LINATE AIRPORT

Bus no. 73 and subway red line - M1, direction of Rho-Fiera Milano.
www.atm-mi.it

FROM MALPENSA AIRPORT

Malpensa Shuttle or Malpensabus Express Motorway company:
www.malpensashuttle.it
www.autostradale.it

FROM THE AIRPORTS OF ORIO AL SERIO

Orio Shuttle-Airpullman or Motorway company:
www.orioshuttle.it
www.autostradale.it

BY TRAIN

FROM MILAN CENTRAL STATION, MILAN PORTA GARIBALDI, MILAN LAMBRATE:

Subway Green line - M2 direction of Abbiategrasso; get off at Cadorna, then change to Subway Red line M1 towards Rho - Fiera Milano.

BY SUBWAY

Red line - M1, direction of Rho-Fiera Milano
www.atm-mi.it

BY CAR

FROM THE A7-GENOA MOTORWAYS, TAKE A1 BOLOGNA AND A4-TORINO:

West motorway heading North, exit at Fiera Milano.

FROM THE A4-VENICE MOTORWAY:

exit at Pero-Fiera Milano.

FROM A8-VARESE AND A9-COMO MOTORWAYS:

from the barrier of Milan, head North in direction of A4-Venice and exit at Fiera Milano.

FROM MILAN:

motorway A8 heading to Varese-Como, exit at Fiera Milano
motorway A4 heading to Torino, exit at Pero-Fiera Milano.

BY TAXI

Authorised taxi services at airports of Linate and Malpensa, on certain predetermined routes, including the Fiera Milano district, apply standard rates.

ITALIAN INDUSTRY OF FOOTWEAR, LEATHERGOODS AND TANNING MACHINERY MANUFACTURERS

The Italian industry of footwear, leathersgoods and tanning machinery manufacturers is a productive sector that gathers about 235 small and medium-sized companies and boasted in 2014 an overall turnover of about 518.00 million Euros, of which 80% exported.

Sector	Export (millions €)
Traditional footwear machineries	97.70
Leathersgoods machineries	26.97
Injection machines	47.20
Tanning machineries	148.57
Spare parts	79.91
Moulds	21.65
Total	422.00

Most of the companies producing traditional footwear and leathersgoods machines is located in Lombardy (especially in Vigevano) but other productive centres are located in Tuscany and in the Marche. Companies manufacturing machines and equipments for sport shoes are mostly located in Veneto, in particular in the area around Padua, and in Varese (Lombardy).

The **tanning machines sector** is world-wide leader as well; the companies are primarily located in Tuscany, Veneto, Lombardy, Piedmont and Campania. The tanning machinery sector exports most of its production and the main markets in 2014 were: China, Brazil, India, United States, South Korea and Spain.

The sector of **footwear machines** exports about 80% of its production and in 2014 its main markets were India, Romania, Spain, Portugal, Germany and China. The Italian industry of footwear and leathersgoods machineries, developed during the 50's, is a world-wide leader.

ASSOMAC is the association which gathers - at national level - the companies manufacturing machines and accessories for footwear, leathersgoods and tanning companies. It also safeguards their interests by promoting this productive sector all over the world.

The multilingual Guide of machines and technologies in one click

WOULD YOU LIKE TO SEE THE WHOLE PRODUCT
REPertoire IN DETAIL AND THE TYPES OF
PRODUCT OF ITALIAN COMPANIES?

Translated into ten languages, the multilingual Guide of machines and technologies allows you to discover and see the specifications of each machine and the technologies available on the market and manufactured by Italian companies, with a direct link to the company website, references, numbers and email.

Visit the official website of
Assomac, the National Association
of technology manufacturers
for footwear, leather goods and
tannery: **www.assomac.it**

WHO IS ASSOMAC

ASSOMAC is the national association of Italian manufacturers of machinery and technology for all phases of industrial management and production in the leather, footwear, leather-goods, fur, furnishings, clothing, saddler and automobile sectors.

Italian exports account for about 50% of all the exports of countries manufacturing machinery in this industrial sector worldwide. Every year, Italian companies export more than 70% of their production to 100+ countries around the world.

ASSOMAC forms part of CONFINDUSTRIA, the most important Italian industrial organisation.

For ASSOMAC, technology is know-how acquired day after day. The constant development of applied technology – often following requests from customers all over the world – leads to the personalisation of machinery, systems and also companies. This is the concept of developing technology of ASSOMAC's member companies, who put themselves forward as problem solvers at the service of the worldwide manufacturing/industrial system.

On the one hand, “sustainable technology for quality” leather processing and manufacture of footwear and leather goods, i.e. modern, reliable and eco-friendly machinery, systems and products that can execute highly complex and delicate processes. On the other, “quality technology” that guarantees clients safe in-line machinery and products/systems that are always in perfect working order, at all times and anywhere in the world.

Tanning fine hides and manufacturing first-class shoes and leather goods require advanced technology that guarantees great process, production efficiency control and repeated and consistent quality – which is what the markets demand.

ASSOMAC promotes and holds training courses, workshops, feasibility studies for refurbishments and new industrial parks and technological publications etc. all over the world, with the support of the Italian Ministry of Economic Development and ICE, the Italian Governmental agency.

THE PRODUCTS OFFERED BY THE ITALIAN INDUSTRIAL SECTOR REPRESENTED BY ASSOMAC INCLUDE:

- > Tanning machinery > Footwear machinery > Leather goods machinery > Design machinery
- > Systems for handling > Systems and plants for water, sludge and air treatment
- > Laboratory machinery and equipment
